

May Oraayam Flourish and Prosper

May Oraayam thrive and function well,
May it walk steadfast on a united path.
With shared thoughts, let it act,
And grow with rising fame.

May it offer help without seeking gain,
Fostering wisdom and education.
May it enlighten the poor,
And blossom their lives with wisdom.

May it promote agricultural resources,
Encourage home gardening projects,
May it inspire the planting of crops,
And bring forth plentiful benefits

May it plant trees of diverse value
And nurture useful plants,
Begin work in schools,
To awaken young minds.

May it conserve water resources,
Protect and maintain water bodies,
Guide in saving rainwater,
And instill this habit in the people.

May it serve the elderly,
Care for them with respect,
Train caregivers and nurses,
To tend to them with dedication.

May it collect waste materials,
Begin such initiatives in colleges,
Recycle them into reusable products,
And earn a modest income.

May the youth learn vocational skills,
And study modern technology,
Engage in social service,
And guide them to the right path.

May it strive to eliminate poverty,
Work to increase resources,

Create and encourage industries,
And soothe the sorrows of many.

May the youth cultivate good habits,
Instill positive thoughts in their hearts,
Raise awareness among the people,
And strengthen their resolve.

May it spread its message online,
Operate efficiently for this purpose,
Plan and execute grand projects,
By responsibly uploading project details online.

May Oraayam rise to greater heights,
Join hands with like-minded individuals,
Collaborate with organizations,
And work lovingly alongside our people.

We, school friends, joyfully unite,
With a desire to serve wholeheartedly,
Together we shall work as one,
To uplift the lives of our cherished Tamil community.
